

Psychosocial Support Services (Support Service)

HRSA Definition: Psychosocial Support Services provide group or individual support and counseling services to assist eligible people living with HIV to address behavioral and physical health concerns. These services may include:

- Bereavement counseling
- Caregiver/respite support (RWHAP Part D)
- Child abuse and neglect counseling
- HIV support groups
- Nutrition counseling provided by a non-registered dietitian (see [Medical Nutrition Therapy Services](#))
- Pastoral care/counseling services

- West Side Community Health Services

Mental Health Services (Core Medical Service)

HRSA Definition: Mental Health Services are the provision of outpatient psychological and psychiatric screening, assessment, diagnosis, treatment, and counseling services offered to clients living with HIV. Services are based on a treatment plan, conducted in an outpatient group or individual session, and provided by a mental health professional licensed or authorized within the state to render such services. Such professionals typically include psychiatrists, psychologists, and licensed clinical social workers.
