

Child Care Services (Support Service)

HRSA Definition: The RWHAP supports intermittent child care services for the children living in the household of HIV-infected clients for the purpose of enabling clients to attend medical visits, related appointments, and/or RWHAP-related meetings, groups, or training sessions.

Allowable use of funds include:

- A licensed or registered child care provider to deliver intermittent care
- Informal child care provided by a neighbor, family member, or other person (with the understanding that existing federal restrictions prohibit giving cash to clients or primary caregivers to pay for these services)

** Several clients were missing a Form I, so there was no evidence of an HIV medical appointment. Given the nature of this service, it is not surprising that obtaining a Form I would be difficult. These clients may have been in care, but there is no way to know until eHARS to CAREWare is fully implemented.
