

Home and Community- Based Health Services (Core Medical Service)

HRSA Definition: Home and Community-Based Health Services are provided to a client living with HIV in an integrated setting appropriate to a client’s needs, based on a written plan of care established by a medical care team under the direction of a licensed clinical provider. Services include:

- Appropriate mental health, developmental, and rehabilitation services
- Day treatment or other partial hospitalization services
- Durable medical equipment
- Home health aide services and personal care services in the home
