

Ryan White Program
Service Area Standard: Legal
Approved February 14, 2017

Purpose. The purpose of Ryan White Legal Services Standards are to ensure that uniformity of service exists in Minnesota such that the consumers of a service receive the same quality of service regardless of where or by whom the service is provided. If an agency is unable to meet a particular standard, the agency must document why the standard was unable to be met and explain the steps it is taking to meet that standard. The purpose of Legal Services Standards is to address the legal needs of Ryan White clients to ensure they may engage in and maintain participation in HIV medical care.

HRSA Description. Legal services are services to individuals with respect to powers of attorney, living wills, do-not-resuscitate orders, and interventions necessary to ensure access to eligible benefits, including discrimination or breach of confidentiality litigation as it relates to services eligible for funding under the Ryan White HIV/AIDS Program. Legal services to arrange for guardianship, joint custody, or adoption of children after the death of their primary caregiver should be reported as a permanency planning service.

Program Guidance. Legal services exclude criminal defense and class-action suits unless related to access to services eligible for funding under the RWHAP. It is expected that all other sources of funding in the community for legal services will be effectively used and that any allocation of RWHAP funds for these purposes will be as the payer of last resort.

All subrecipients must meet universal standards requirements in addition to service area standards for which they are funded.
