

Health Education/Risk Reduction

2012 Service Area Review Summary

HRSA Support Service

Essential Care Service—
Continuum of Care

Comprehensive Plan—YES

Health Education/Risk Reduction - the provision of services that educate clients with HIV about HIV transmission and how to reduce the risk of HIV transmission. It includes the provision of information; including information dissemination about medical and psycho-social support services and counseling to help clients with HIV improve their health status.

There are currently 2 contracts with metro providers and 2 contracts with greater MN providers to serve 214 and 118 clients respectively.

DATA SUMMARY HIGHLIGHTS

In the 2010 Comprehensive Needs Assessment of Minnesotans Living with HIV Disease, 53% of the 509 respondents indicated that they had not obtained education or counseling about HIV, HIV transmission, and how to reduce the risk of HIV transmission (HE/RR) within the past year. Of those who had not obtained HE/RR in the past year (n=268), only six people (5%) indicated that they needed HE/RR in the past year. The barriers or reasons listed by those eight people who needed to but were unable to obtain HE/RR during the past year included transportation issues (2), did not know how to access (2), and not offered in my area (2).

In FY 2010, \$17,700 of the total HE/RR allocation was designated for culturally appropriate HE/RR services and \$4,800 was designated as part of the Greater MN Set Aside. In FY 2011 and 2012, \$6,000 of the total HE/RR allocation was designated as part of the Greater MN Set Aside.

The Planning Council Allocation is not the only source of funding for this type of activity. The Minnesota Department of Health (MDH) is currently funding HIV prevention proposals to provide HIV testing and testing outreach services, prevention programming with HIV positive individuals, syringe service programming, and prevention for youth at high-risk of acquiring HIV. This approach embraces the National HIV/AIDS Strategy (NHAS) as well as the Centers for Disease Prevention and Control (CDC)'s updated approach to HIV prevention. The overall goal of this activity is to prevent as many new HIV infections as possible.

CURRENT RANKINGS

| COUNCIL (2010) | CONSUMERS (2010) |
|----------------------------|----------------------------|
| 21 out of 26 service areas | 17 out of 25 service areas |

ALLOCATIONS HISTORY

| FY | ALLOCATION | % CHANGE | SPENT | % UTILIZED |
|------|------------|----------|----------|------------|
| 2011 | \$92,749 | 1% | | |
| 2010 | \$91,549 | (4%) | \$83,880 | 96% |
| 2009 | \$95,500 | 27% | \$83,644 | 88% |

UTILIZATION HISTORY

| FY | # Accessing Service Area or Activity | % of All HIV/AIDS Cases | % of Unduplicated RW Clients |
|------|--------------------------------------|-------------------------|------------------------------|
| 2010 | 315 | 5% (n=6,814) | 8% (n=4,131) |
| 2009 | 442 | 7% (n=6,552) | 12% (n=3,700) |
| 2008 | 274 | 4% (n=6,221) | 6% (n=4,713) |

ASSESSMENT OF NEED

| 2010 COMPREHENSIVE NEEDS ASSESSMENT (SELF ASSESSMENT BY CLIENTS n=509) | | |
|---|---|--|
| Accessed Service in last 12 months - n=241 - 47% | Did NOT Access Service in last 12 months - n=268 or 53% | |
| | Did not Need service n=262 | Needed service, but unable to access n=6 |
| | 98% | 2% |

Service Area Review Summary—Legend

The HRSA definition for the service area/activity is listed in this box. The Planning and Priorities Committee reviews and revises these definitions every two years to reflect the HRSA definition and the current local practice.

This box indicates whether the service area is a **core medical** or **support** service on HRSA list of allowable services

HRSA Support Service

Essential Care Service—
Continuum of Care

Comprehensive Plan—
YES

This box indicates the number of metro and Greater MN contracts for FY 2011 and the number of clients to be served by those contracts. The number of contract reflects the funding source (Part A, Part B or both and not the number of agencies providing this service.

This box indicates the type of service as described in the Continuum of Prevention and Care Services.

This box indicates whether or not the service area is a part of a goal or activity within the current Strategic Plan.

DATA SUMMARY HIGHLIGHTS

Data Summary Highlights are drafted by the Needs Assessment & Evaluation Committee and are derived from various reports including the 2010 Comprehensive Needs Assessment of Minnesotans Living with HIV Disease, the Path to Care Study, the Study of Oral and Behavioral Health Services, the 2006 Brief Assessment of Client Need, the 2010 Minnesota Dept. of Health HIV Surveillance Report, Utilization Data, and other reports.

Data in this table is from the Planning Council Allocations tables.

Data in this table is from the Client Level Data Reporting System maintained by the Minnesota Department of

Data in this table is from the 2010 Comprehensive Needs Assessment of Minnesotans Living with HIV Disease. The number of respondents varies based on the question.
