HIV Council Data Training: Funding Sources

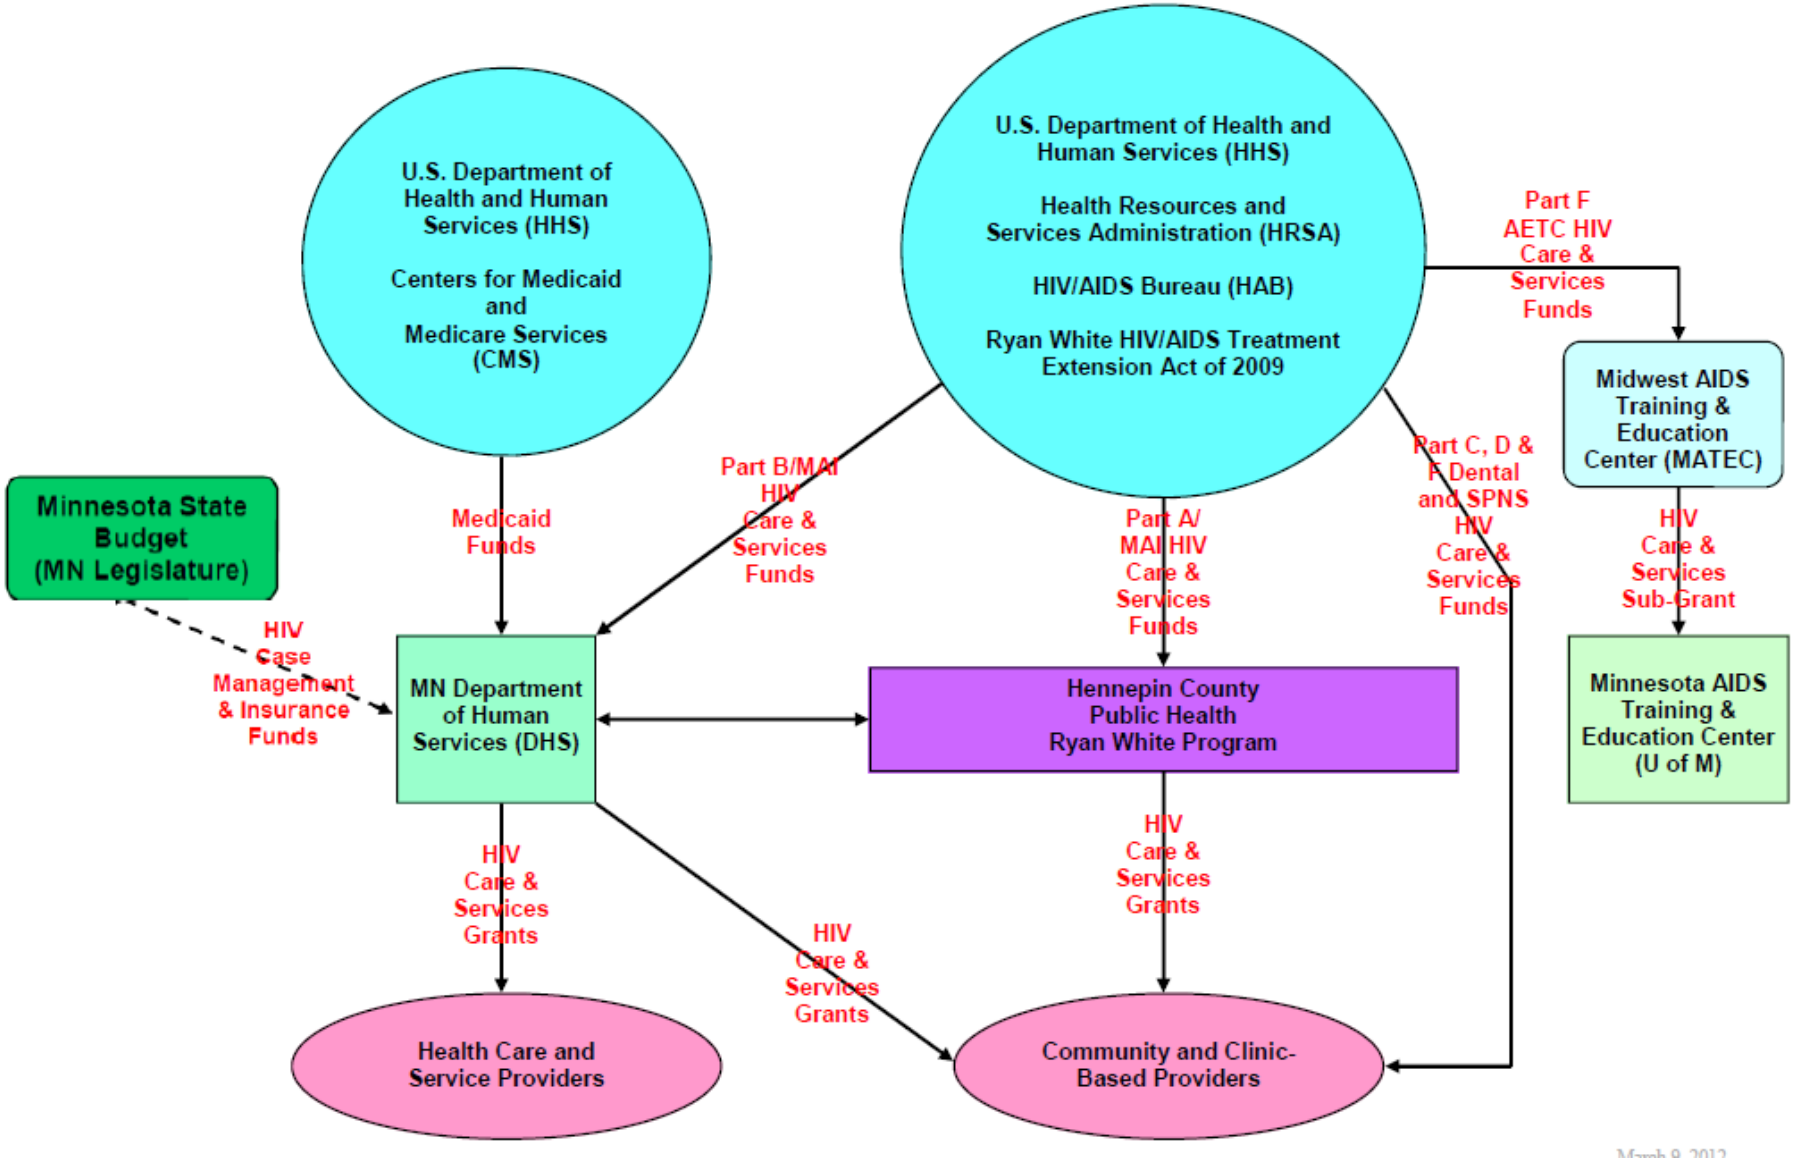
Emily Reimer | DHS Data Analyst

DEPARTMENT OF HUMAN SERVICES

Training Objectives

Following the training, participants will be able to:

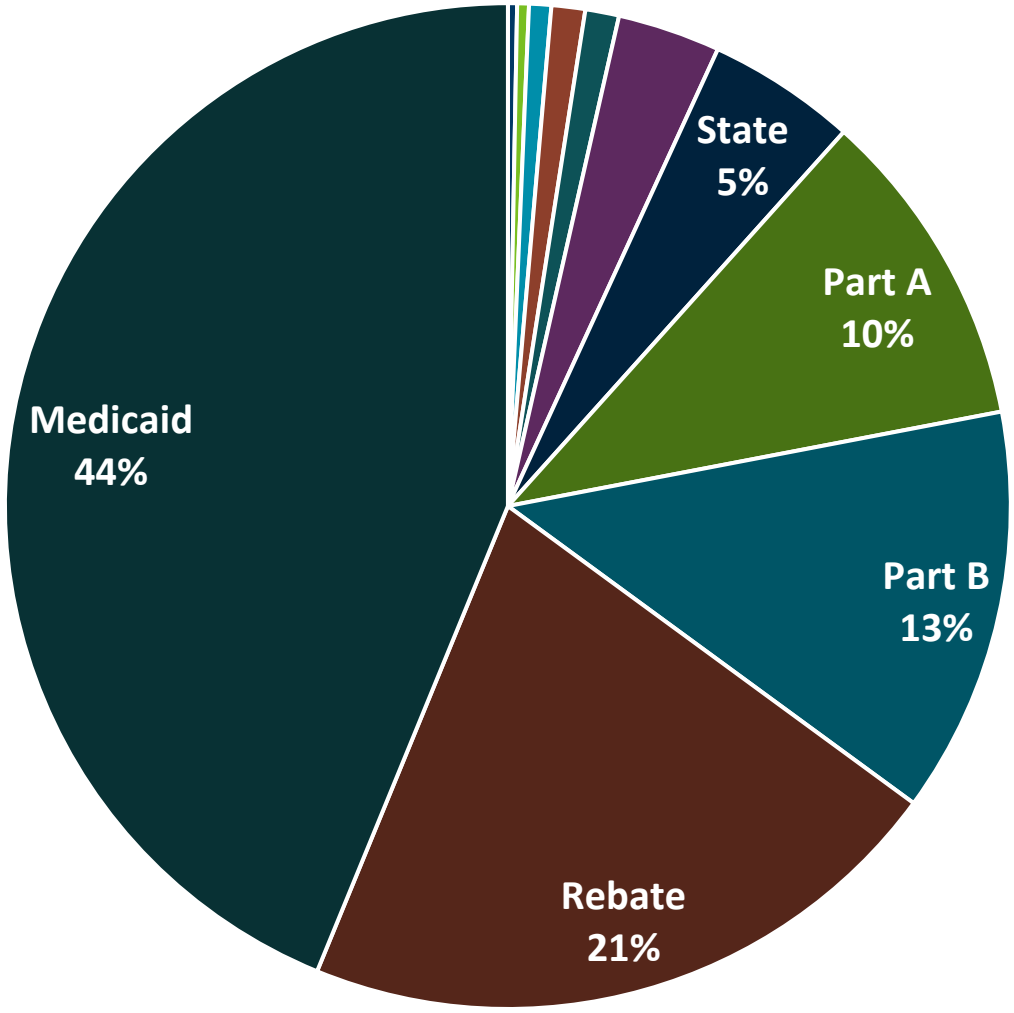
1. Identify the geography for Ryan White funding sources
2. Identify which government agency oversees each funding source



Funding Flow Overview

Relative amounts of funding from each public source

Publicly funded program amounts for people with HIV in Minnesota (FY 2021)



- Consolidated Treatment Fund
- Part F Dental Reimbursement Program
- Part A MAI
- Part C
- Part D
- Minnesota Care
- State
- Part A
- Part B
- Rebate
- Medicaid

DEPARTMENT OF HUMAN SERVICES

HIV Council Resource Allocation Scope

Council Allocation Scope

- Part A
  - Part A Formula and Supplemental
  - Part A Minority AIDS Initiative (MAI)

Other Ryan White

- Part C
- Part D
- Part F

Additional funding sources, outside of Ryan White, can be found on the Resource Inventory

DEPARTMENT OF HUMAN SERVICES

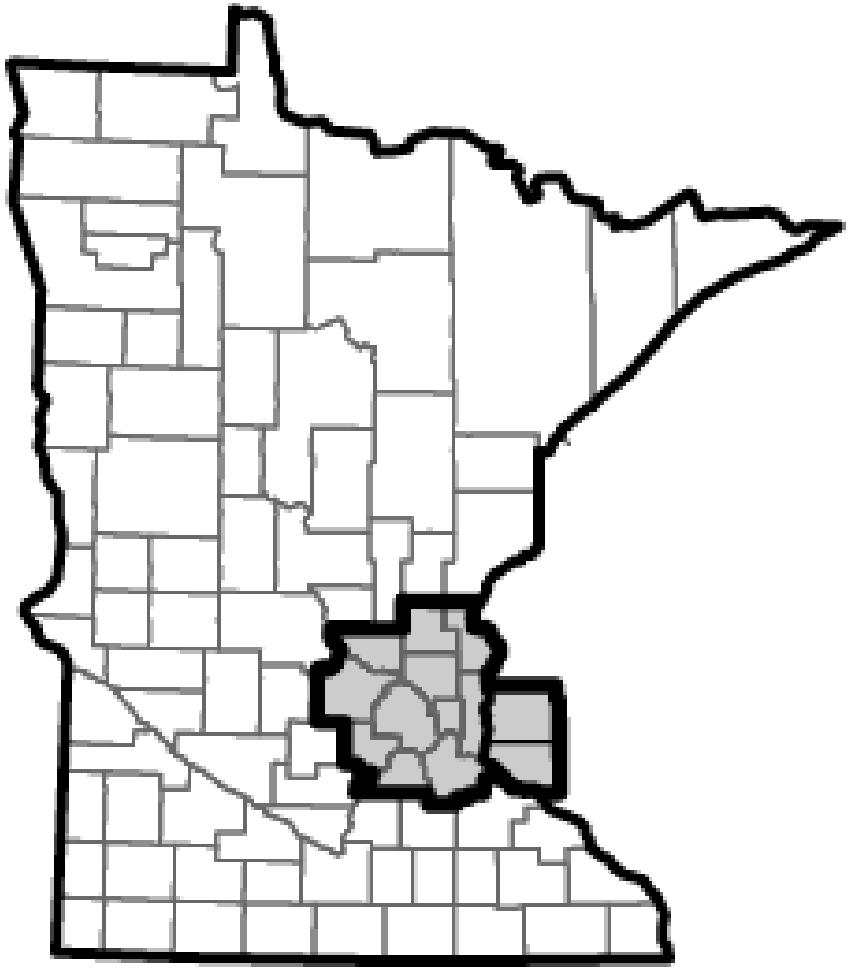
HIV Specific Funding Sources

List of Ryan White Funding Sources

- Part A
- Part B
- Part C
- Part D
- Part F

Part A

- The Ryan White HIV/AIDS Program Part A funds grants to Eligible Metropolitan Areas (EMAs) and Transitional Grant Areas (TGAs) that are most affected by the HIV epidemic.



Part B

- The Ryan White HIV/AIDS Program (RWHAP) Part B provides grants to states and territories to improve HIV health care and support services.
  - These improvements relate to quality, availability, and organization.

Minority AIDS Initiative (MAI)

- Funding streams include:
  - Part A
    - Provides core medical and related support services to improve access and reduce disparities in health outcomes in metropolitan areas hardest hit by HIV/AIDS.
  - Part B
    - Funds outreach and education services designed to increase access for people who identify in minority populations to needed HIV/AIDS medications.

AIDS Drug Assistance Program (ADAP)

- Provides FDA-approved medications to low-income people with HIV who have limited or no health coverage from private insurance, Medicaid, or Medicare.
- Grant recipients can also use ADAP funds to:
  - Buy health insurance for eligible clients
  - Provide services that improve access to, adherence to, and monitoring of, drug treatments.

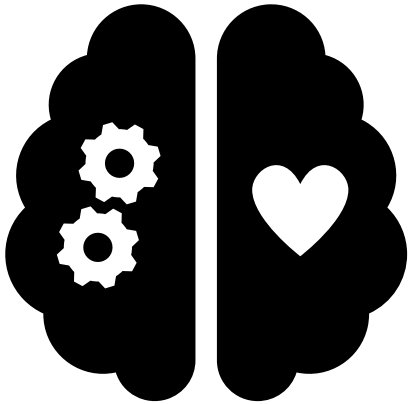
Other Funding Sources to Be Aware Of

Medicaid and Minnesota Care

- Medicaid (Medical Assistance - MA)
  - Comprehensive health care for people with incomes up to 133% FPG (single adults)
    - Outpatient and inpatient medical care
    - Behavioral health services (mental health and chemical health services)
    - Dental care
- Minnesota Care
  - Comprehensive health care for people with incomes up to 200% FPG (single adults)
    - Health and behavioral health similar to MA
    - Limited dental care

Consolidated Treatment Fund

- Chemical health treatment for people with substance use disorders
  - Inpatient and outpatient treatment depending on assessment
  - Medication assisted therapy
- Income eligibility limits similar to MA



Private Health Insurance

- Employer sponsored or individual
  - Outpatient and inpatient medical care
  - Behavioral health services
  - Oral health (if offered by employer or purchased by individual)
  - Individual plans obtained through *MNSure* or off-exchange market
