Stop at Table for more details

Positively Hennepin

HIV: PREVENTABLE. TREATABLE. STOPPABLE

We envision a Hennepin County where:

- *All people living with HIV/AIDS have healthy, vibrant lives*
- *There are NO new HIV infections*
- *All people have equitable access to HIV prevention and health care services*

HIV Strategy Goals

Goal A: Decrease New HIV Infections

Goal B: Ensure Access to and Retention in Care

**Goal C: Engage and Facilitate the Empowerment of Communities
Disproportionately Affected by HIV to stop new infections
and eliminate disparities**

Operating Principles

Principle 1: Reduce Health Disparities and Promote Health Equity

Principle 2: Achieve a Fully Integrated Public and Private Response to the Epidemic
